OVERVIEW

At Rock Paper Panda, we specialize in delivering top-notch digital solutions tailored to the unique needs of our clients. Since 2021, we've been dedicated to helping businesses of all sizes navigate the digital landscape with confidence. Our team of skilled professionals brings a wealth of experience and creativity to every project, ensuring that our solutions are not only effective but also future-ready.

MISSION

At Rock Paper Panda, we empower businesses with tailored digital solutions, from web and mobile apps to AI and digital marketing, through a client-centric approach and close collaboration.

VISION

To be the top partner in digital innovation, driving business success with personalized strategies and cutting-edge technology.

SOLUTIONS OFFERED

IT Consulting

We assess the needs of a business or a company to determine which IT path would be best suited for them based on their needs by developing and executing strategies that stimulate business expansion.

Middleware

We Provide support and development of middleware integrations . Our middleware tech-stack includes Mulesoft and Webmethods.

Digital Marketing

We build strategic Marketing campaigns with a result oriented and cost effective approach using Meta Ads, Google Ads and custom marketing content.

Web & E-commerce

We build robust e-commerce platforms using Wix, shopify and Square space. We also build custom static websites and web applications

Rapid Prototypes

We build rapid prototypes and MVPs for quick evaluation of product viability and market viability. We build traditional applications using full stack as well as prototyped UX designs using Figma and AdobeXD
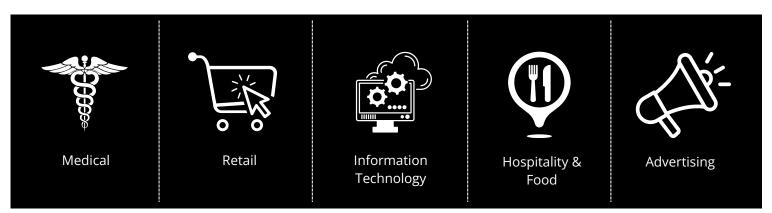

IT Support

We provide L1, L2, L3 support for various tech stacks, some of them includes ServiceNow, Workato, Nagios. We also provide Mulesoft and Webmethods support

Data & AI

By using advanced analytics and smart AI tools, we help you make better decisions and uncover opportunities you might have missed. Our goal is to make data work for you, so you can focus on growing your business.

DevOps

Our DevOps services streamline your development and ops with automation and continuous delivery. We ensure scalable software and efficient workflows, helping you innovate faster and stay ahead.
